### **REMARKS**

Applicants are submitting the enclosed sequence listing in partial response to the outstanding Office Action. Applicants are aware of the outstanding Restriction Requirement and will respond to it in due course.

The specification has been amended to contain the proper SEQ ID NOs, to correct minor typographic errors and to place the format in proper condition for allowance. No new matter has been added. In light of the numerous amendments to the specification, applicants will provide a substitute specification at the Examiner's request. A substitute sequence listing and diskette are submitted to ensure correction of the errors found on the previously submitted diskette. In view of the amendments, remarks and enclosures herewith, the application complies with the requirements for computer readable disclosure of biological sequences under 37 C.F.R. §§1.821-1.825.

Please charge any fees incurred by reason of this Response, including any additional extension fees under 37 C.F.R. §1.136(a) and §1.17, to Deposit Account No. 50-0320.

Respectfully submitted,

FROMMER LAWRENCE & HAUG LLP  
Attorneys for Applicants
